

Norbury & Roston Parish meeting 20th May 2024

Chairman's report

This time last year we were short of two Parish Councillors due to the resignation of David Moseley and the ill health of Janet Carrington but Michele Robinson volunteered and the other position was advertised and Karl Davis was co-opted. So we are once again at full strength.

An application was received from the Nature Garden Rangers at school for money for them to purchase 3 seed storage boxes. We were happy to do this and thanks go to Cllr. Freeman for liasing.

September saw the passing of our District Councillor, Tony Morley and the PC sent our condolences to his widow.

We applied for a grant to replace the blue flower tubs that are beyond repair and were successful. Thanks go to Cllr S. Davis who has volunteered to make these. We hope that the plants that Joy Chadfield cares for are fantastic as usual.

In January Cllr. Steve Bull reported the water running down Lid Lane to the Council, we are still awaiting an outcome. We were asked by DCC to survey the roads in the village that are in need of repair. This task was taken on by Cllrs. Freeman, Davis and Davis who submitted their findings. We await a response.

At our March meeting we welcomed our new District Councillor Sue Bull. Cllr. Bull knows the village well, having once lived at Wood End when her father was at Norbury Farm.
