MARY CLOWES VILLAGE HALL

Quiz Night

The quiz night proved to be a great relaxation from what had been an awful day of howling winds and torrential rain. The winners were team "Stand in the Park" with a score of 101 points. The average score for all teams was 88 points, so well done everyone.

The answer to the taster I set in last month's Flyer "What is the longest month of the year" is October because it has an extra hour when the clocks go back!

Hope to see you all at the next quiz night in the Spring, have a very Merry Christmas and New Year.
